## SpeedyAssets Solution

- Secure storage for work-in-progress and finished assets
- Clean, simple, intuitive interface
- Stand-alone DAM or integrated with SPEEDYCast and SPEEDYDubb for end-to-end localization project management
- Cloud-based, global, collaborative

## Key Benefits

- Assets and Projects sit together, increasing efficiency
- Link Language Assets directly with Language Projects, reducing mistakes and clutter
- Automatically notifies users when Assets are available, reducing confusion and non-productive communications

## Primary Capabilities

- Link Assets with corresponding Projects
- Users place deliverables precisely where the Project requires
- Complete control over user access to assets
- File transfers up to 1TB
- Log and monitor uploads and downloads
- Preview audio and video files without chacing or download
- Disable/enable downloads on a user account basis

## Cloud Based • Secure • Integrated • Global Collaboration

### About MCF Media Solutions

MCFMedia is a joint venture of MCF Technology Solutions, Agilcore and Von Johnson & Associates, Inc (VJA). MCFMedia combines the institutional knowledge of VJA with the technology skills of MCFTech. MCFMedia's SpeedySuite enables global collaboration, greater transparency, and real-time information for more informed decision making.

### About MCF Technology Solutions

MCF Technology Solutions delivers Services, Strategy, and Products to business customers worldwide. We focus on the successful development, deployment, and support of Business Applications for diverse teams. Successful MCFTech projects include worldwide deployments for Walmart, Procter & Gamble, Disney, Merck, PR Newswire, Oracle Corporation, Intuit, and others.

# Seamlessly move Localization assets from the Team Members who create them to the Team Members who need them - all within a single, integrated Project environment
